### FLIGHTSAFETY PROMOTES DANNY ROBAYO TO ASSISTANT MANAGER, TETERBORO LEARNING CENTER

**LA GUARDIA AIRPORT, New York (December 6, 2011)** – FlightSafety International is pleased to announce that Danny Robayo has been promoted to Assistant Manager of its Learning Center in Teterboro, New Jersey.

“Danny’s leadership and operational experience, and his commitment to provide our Customers with the high quality training programs and services they deserve, made him the ideal choice for this important role,” said Greg Wedding, Vice President, Teammate Development and Manager, Teterboro Learning Center.

Danny joined FlightSafety at the Teterboro Learning Center in 1991 and has held a number of positions of increasing responsibility since then. They include pilot and maintenance training instructor for the Dassault Falcon 10, Falcon 50 and Falcon 50EX aircraft, and Program Manager for the Falcon 50 and 50EX training program. Danny most recently served as the Center’s Director of Training.

He earned a Bachelor of Science Degree in Business Management from St. Peters College in Jersey City, New Jersey.

FlightSafety’s Teterboro Learning Center offers a wide variety of pilot and maintenance technician training programs for aircraft manufactured by Dassault Falcon. The Center features five FlightSafety designed and manufactured full flight simulators and other advanced training devices for the Falcon 50EX, Falcon 900EX, Falcon 900EX EASy, Falcon 2000 and Falcon 2000EX EASy. The Center also offers an advanced aircraft cabin trainer for use in its comprehensive Flight Attendant training program.

FlightSafety International is the world’s premier professional aviation training company and supplier of flight simulators, visual systems and displays to commercial, government and military organizations. The company provides more than a million hours of training each year to pilots, technicians and other aviation professionals from 154 countries and independent territories. FlightSafety operates the world’s largest fleet of advanced full flight simulators at Learning Centers and training locations in Asia, Europe, North and South America, the Pacific Rim and South Africa.
