TERRY HIBLER, DIRECTOR OF AIRLINE MARKETING FOR FLIGHTSAFETY INTERNATIONAL, ELECTED TO THE REGIONAL AIRLINE ASSOCIATION ASSOCIATE MEMBER COUNCIL

LaGuardia Airport, New York (April 13, 2012) –FlightSafety announces that Terry Hibler, Director Airline Marketing, has been elected to the Regional Airline Association Associate Member Council in the area of Flight Training.

“We are pleased that Terry has been elected to the Regional Airline Association Associate Member Council,” said Scott Fera, Vice President Marketing. “The Council will benefit from his aviation industry experience and in depth understanding of the training requirements of airlines around the world that operate regional aircraft.”

This is the third time that Terry has been elected to the Regional Airline Association Associate Member Council. He also serves as Chairman of the Regional Air Cargo Carrier Association Associate Member Council.

Terry joined FlightSafety in 1992 and has held a number of positions with increasing responsibility since then. As Director of Airline Marketing he manages FlightSafety’s airline training sales, contracts, and resource management as well as the company’s participation in airline industry events. He holds an Airline Transport Pilot certificate, is a Certified Flight Instructor, and is type rated in a wide variety of commercial aircraft.

FlightSafety offers training for Regional Airline operators at 19 Learning Centers on a fleet of 85 full flight simulators. FlightSafety trains aviation professionals who operate regional aircraft manufactured by ATR, Bombardier, Embraer, Fairchild, Jetstream, Hawker Beechcraft and Saab.

FlightSafety International is the world’s premier professional aviation training company and supplier of flight simulators, visual systems and displays to commercial, government and military organizations. The company provides more than a million hours of training each year to pilots, technicians and other aviation professionals from 154 countries and independent territories. FlightSafety operates the world’s largest fleet of advanced full flight simulators at Learning Centers and training locations in Asia, Europe, North and South America, the Pacific Rim and South Africa.
