## FLIGHTSAFETY INTERNATIONAL APPOINTS CHIP WHITE MANAGER, SAVANNAH LEARNING CENTER

**LA GUARDIA AIRPORT, NEW YORK (September 20, 2012)** – FlightSafety International announces that Chip White has been appointed Manager of its Gulfstream Learning Center in Savannah, Georgia. David Davenport, who served as Manager of the Center since 2005, was recently promoted to Vice President and will be relocating to FlightSafety’s corporate offices in New York.

“Chip has made a significant contribution to FlightSafety since joining the company 12 years ago,” said Greg McGowan, Senior Vice President, Operations. “His experience and commitment to provide Gulfstream and our mutual Customers with the highest quality training and outstanding service made him the ideal choice to lead the Savannah Center. We are confident that Chip will continue the excellent work done by Dave Davenport and that our Savannah Teammates will appreciate and benefit from his leadership.”

Chip joined FlightSafety in the year 2000 as an instructor at the St. Louis, Missouri Learning Center and was promoted to Assistant Manager in 2002. He was named Manager of the Long Beach, California Learning Center in 2004, and was most recently Manager of the Columbus, Ohio Center.

He served with the United States Navy prior to joining FlightSafety. He flew a wide variety of military aircraft, including the C130, DC-9 and Gulfstream IV during his 27 year career, and retired with the rank of Captain.

Chip holds a Bachelor of Science Degree from the State University of New York in New Paltz, a Masters of Education from National-Louis University in Chicago, and a Diploma in Industrial Relations and Military Sciences from the United States Air Force.

FlightSafety’s Savannah Learning Center offers pilot, maintenance technician and flight attendant training. The Center offers 11 full flight simulators for the Gulfstream GIV, GV, G450, G550 and G650 aircraft, a dedicated maintenance training building and comprehensive flight attendant and crew emergency training equipment and facilities. FlightSafety has been the official factory authorized training provider for Gulfstream Aerospace for over 30 years and provides training for Gulfstream aircraft at its Learning Centers in Dallas, Texas; the Greater Philadelphia/Wilmington area; Long Beach, California; Savannah, Georgia and at the Farnborough Airport located just outside of London in the United Kingdom.

FlightSafety International is the world’s premier professional aviation training company and supplier of flight simulators, visual systems and displays to commercial, government and military organizations. The company provides more than a million hours of training each year to pilots, technicians and other aviation professionals from 154 countries and independent territories. FlightSafety operates the world’s largest fleet of advanced full flight simulators at Learning Centers and training locations in the United States, Australia, Brazil, Canada, China, France, Japan, South Africa, the Netherlands, and the United Kingdom.
